COUNTY OF BERGEN)

1. I am a professional digital investigator, specializing in open-source intelligence (OSINT), cybersecurity for the video game industry, and anti-harassment and abuse. I am over 18 years of age. This Declaration is based upon personal knowledge and, if called as a witness, I could and would testify competently to the information provided herein. Attached hereto as Exhibit 1 is a true and correct copy of my resume.

2. As a result of my position, I have had the opportunity to work directly with Ms. Kathryn Tewson on multiple occasions. Through these interactions, I have been continually impressed by Ms. Tewson's natural talent for digital investigations

and forensics, as well her strong command of the tactics and methodologies of the field.

3. In my opinion, Ms. Tewson is a formidable investigator. She has exhibited to me a strong command of the commonly used tools of the field, particularly in discovering and interpreting OSINT data. In our work together, Ms. Tewson has consistently displayed an evidence-driven methodology that, correctly, seeks to collect all possible information and form a factual conclusion directly based on this evidence gathered by herself or other members of the investigative team.

4. Ms. Tewson's collection and interpretation of factual evidence follows standards, practices, and methodologies common to the field of digital investigations. She has always exhibited a strong spirit of collaboration and desire for supported evidence, leading to peer review of materials to ensure accurate conclusions. When presented with technical findings beyond the immediate scope of her expertise, Ms. Tewson conducts her own research and asks intelligent questions of experts in the field to ensure she understands and properly contextualizes findings.

5. As a result, in my experience the conclusions formed by Ms. Tewson in our work together are typically not just valid but well-supported by the technical facts cited throughout them. I have relied upon Kathryn's conclusions based on technical evidence in my own work and would not hesitate to do so in the future.

6. I declare under penalty of perjury that the record to which this declaration is attached is the same record on which Keith S Kaplan performed a notarial act and before whom I appeared by means of communication technology on March 21st, 2023.
